FOUNDATION LES OLIVIERS

FOUNDATION LES OLIVIERS _TWIN COURTYARDS

In contrast to proposing a single box to house all of the foundation's activities, this project conceives of the foundation as two interconnected boxes

These two boxes shift along the site to optimize views and access while preserving the perimeter for future expansion and countryside. At strategic moments, the boxes melt into the hillside; at other moments they frame the street, creating urban density at the city's edge. Inside, the boxes are carved by two exterior courtyards, providing light and air into the interior and outdoor terraces for the café and nursery. Weaving together the two boxes are the building's floor plates, conceived as a continuous double helix ramp. Due to the slope of the site, the ramps split into multiple floors, allowing different views of the landscape. Because the ramps form two loops, no department is isolated socially; this fosters both independence and interaction, and creates different moments of public spaces and privacy.

LES OLIVERS基金會_雙院

不同於用一個單一的盒子來容納所有基金會的活動，我們將基金會設想為兩個相互連接的盒子。

這兩個盒子沿著場地錯開，以優化視野和可達性，同時保留了未來擴展的可能性和周邊的原有場地。在特定地點，盒子融入了山坡；在其他時刻，他們塑造了街道。內部，兩個外部庭院的嵌入，使光和空氣能夠進入室內并为室外露台咖啡館和托兒所提供了場所。編織在一起的兩個盒子的樓板，被設想為連續的雙螺旋斜坡。由於場地的坡度，坡道分為多個樓層，允許不同的景觀滲透。因為斜坡形成了兩個環，沒有功能空間在相交处重疊；這促進了空間的獨立性和互動，並營造了不同的公共空間和隱私空間。

PROJECT
Foundation workshops, nursery, café, restaurant, offices, apartment

TYPE
Competition

SIZE
6,421 m² (69,115 ft²)

CLIENT
Fondation Les Oliviers

LOCATION
Mont – sur – Lausanne, Switzerland

VALUE
$12 million

KEY PERSON
Andrew Heid

TEAM
Marta Rodrigues, Dana AlMathkoor

項目
基礎研討會，托兒所，咖啡館，餐廳，辦公室，公寓

類型
競賽

規模
6,421平方米 (69,115平方英尺)

客戶
Fondation Les Oliviers

位置
Mont – sur – 洛桑，瑞士

造價
1200萬美元

關鍵人物
安德魯·海德
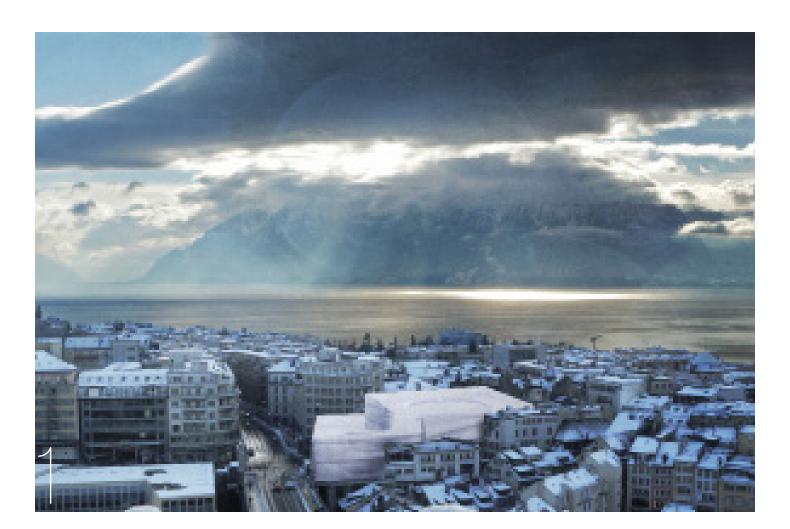

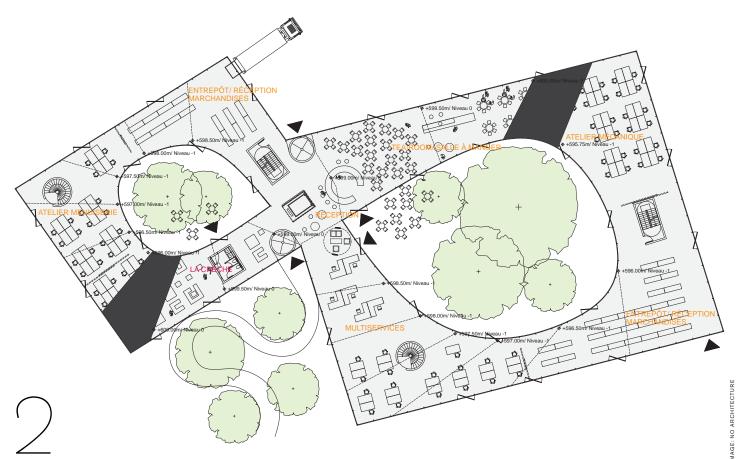

團隊
Marta Rodrigues · Dana AlMathkoor
